***Note:** Codes are emailed from the bookstore to the email address associated with your Mercer Bookstore Account. This process may take a few days. Continue to check your inbox, spam, and junk mail until the code is received. If you receive a code that does not work or is invalid, please contact the Macon campus bookstore at 478-301-2945 for assistance.

There is no longer a difference between purchasing a registration or renewal code. All codes may be used to create, renew, or upgrade a user account. Once you have received your code via email from the Mercer bookstore, you will need to follow the steps in the following link to renew your expired account.
